

Small Group Piano Lessons Starting Saturday August 8 — 12 pm

Every Child Is Musical. Every Child Can Flourish.

Through joyful small-group piano lessons rooted in the renowned Russian tradition of music education, children ages 5–8 develop confidence, creativity, discipline, and a lifelong love for music.

Enroll today! Love for Music Academy is now accepting applications for fun, interactive small-group piano lessons for children ages 5–8 in Chandler, AZ.

Before Your Child Begins

No previous piano experience is required. We simply ask that each child:

- Is between **5–8 years of age**.
- Can sit and participate in a small-group lesson for **45 minutes**.
- Can recognize basic colors, numbers, and letters of the alphabet.
- Likes to sing and can repeat rhythmic patterns easily.
- Is able to follow simple one- and two-step directions.
- Shows an interest in music and enjoys learning with other children.
- Has a parent or caregiver willing to encourage regular practice at home.

Playing a musical instrument is more than learning notes and rhythm. It challenges your memory, attention, hearing, coordination, and movement at once. Every practice session asks different parts of your brain to communicate and adapt. You may think you're just learning music. Your brain may be learning how to work better together.

Young children love to be challenged while interacting with other children.

Weekly 45-minute lessons—\$45 per student
